Talent Sought For Light Opera

Casting for the next production of the South Bay Light Opera group, "The Lady From Paris," will start immediately. It was announced here yesterday.

The production, which has been adapted for the stage by Frank Steininger, is an episode from the life of Peter Tchaikovsky. It is a story intermingled with his adventures with music and love.

Tryouts for parts in the production will be held Tuesday evening, Jan. 13, at the Redondo Union High School auditorium beginning at 7:30. Open are several parts in the play and several positions in the accompanying orchestra.

Final tryouts will be held the following Thursday, Jan. 15. Eighteen Torrance area residents have already taken parts in the coming play. Information concerning the production may be obtained by calling Melville Tully at FRontier 4-3766.

Steininger will make the final casting assignments, according to Tully. The show is being planned for the middle of April.

Jaycees Meet Tonight

Jaycees, members of the Torrance Junior Chamber of Commerce, will hear C. Devalon of the Bell Telephone Co. tell about the use of microwaves during a dinner meeting of the organization to be held tonight at 7 o'clock in the American Legion hall.

TROPIC LAND

Australia has more than three million square miles of domain, and of this vast area an estimated one million square miles lie in the tropics.

THE WRAPS ARE OFF... K. D. Figgins, general manager of Paul's Chevrolet (left) and Paul Loranger, owner of the agency at 1640 Cabrillo Ave., take off the wraps on the new 1953 sedan revealing the smart styling and new features of the '53 model. The models go on display tomorrow for public view.

Three New Lines of Chevrolets Go On Display Here Tomorrow

Tomorrow, off come the wraps of secrecy which have shrouded the new 1953 Chevrolet, models of which will be displayed on the floor room at Paul's Chevrolet, 1640 Cabrillo Ave. "Chevrolet is adding another line to its already two popular lines," Paul Loranger, owner of the local agency said this week. "Certain to be an automotive hit is the new Bel Air Series. The Bel Air series will feature four body styles which can be compared only with the higher priced cars.

The distinctive "Two-Ten" series will be available in seven models, all featuring rich interior appointments.

Always popular is the "One-Fifty" Series in five models which answers to the needs in both styling and performance for economy-minded motorists.

All models will be available, according to Loranger, with either the new 115-horsepower high compression Blue-Flame valve-in-head engine coupled to the new Powerglide transmission or the greatly advanced Thrift-King engine with synchromesh transmission for standard driving. New power steering is available on all models at slightly extra cost.

Larger trunk space is provided on models with a rear deck. A new lid design which features a low sill which is nearly flush with the rear bumper makes loading and unloading much easier.

2x Eye safety plate glass all around reduces heat and glare under all driving conditions. This safety feature is available in all sedans and coupes at extra cost.

Enrollment in the Torrance Unified School District for the fourth month of the school year leveled off at a cool 8359, according to figures submitted to the Board of Education Tuesday evening by Warren Hamilton, director of special services for the district.

The fourth-month totals reflected a slight drop over the enrollment totals for the previous month, Hamilton's figures revealed. The total a month ago was 8566.

The report did show, however, that the district is now having a little better go at getting the students out to school. The average daily attendance during the third month was 7287.01 and during the past month it was 7810.45. Much of the state aid which the school receives is figured on an average daily attendance (ADA) basis.

There are now 915 enrolled in kindergarten, 5163 in elementary schools, 1256 in high school, and 1025 in adult education classes, the report showed. One year ago, 7174 were enrolled in the district.

Police Seek Recruits for New TAP Class

Organization of a new class in TAP, Torrance Auxiliary Police, was announced this week by Police Lt. A. S. Thompson who will supervise the training of the new group.

Deadline for entries has been set for next Wednesday, the officer said, as he wants to get the classes started on that evening, Jan. 14.

Boys or girls between the ages of 12 and 18 are eligible to join this young service group. Applications may be obtained at the Torrance Police station.

A five to six months' training course with classes twice a month in such subjects as traffic, juvenile laws, narcotics, with occasional movies and recreational trips is planned. Applications must be signed by parents of the boy or girl seeking to join the group, Lt. Thompson said.

Officers of the Torrance Police Department will conduct the classes.

Hopes that at least 25 would submit applications were expressed by the lieutenant. The new members are needed to replace those who are leaving the group because they have reached the age of 18.

The TAPS serve as ushers at many civic functions and have many other duties throughout the year. In addition to service, the group has a full recreation program which is highlighted

USC Extension Class Slated for High School

A workshop in elementary education offered by the Extension Division of the University of Southern California will be held at the Torrance High School for the semester beginning Feb. 9. Classes will meet each Monday evening during the semester. Subject of the class has not been announced.

Each year with a trip to the mountains.

The organization is supported through funds raised by the annual Police Show put on here by the local force.
